

52. A method of claim 51 wherein said forming step further includes:
forming said wire waves to define leg segments of substantially equal length.

31 53. A method of claim 51 wherein said forming step further includes:
forming at least one of said wire waves to define leg segments of unequal length.

REMARKS

The application has been amended. Claims 1-18 of the original application have been cancelled. New claims 19 through 53 have been added. Entry of this amendment is respectfully requested.

It is submitted herewith that the present claim amendments more fully define the scope of the present invention.

The application is now deemed to be in condition for examination. Favorable action thereon is respectfully solicited.

Enclosed is a check in the amount of \$438.00 which represents the additional claim fees occasioned by this amendment. Should any additional fees be required with respect to this application, authorization is hereby provided to charge Deposit Account No. 08-2461. Also, if there is any overpayment in the fees, please credit the same deposit account.

Should the Examiner have any questions regarding the application or this preliminary amendment, the Examiner is invited to contact Applicant's undersigned attorney at the telephone number listed below.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'Salvatore J. Abbruzzese', is written over a horizontal line.
